STUDENTS

Have an assignment that requires Excel, InDesign, Photoshop, or Illustrator and feel a little lost?

Student Technology Peer Tutors are available to provide one-on-one assistance to help you develop technical skills you might need to complete a course assignment. Peer tutors will:

• Meet with you one-on-one in a Tech Stop location (Coffman, Blegen, or Coffey Hall)
• Help you identify the technical skills you would like to improve
• Advise you on choosing the appropriate technologies, or features of a technology, to meet your coursework goals
• Assist you in learning specific technical skills
• Find resources to further your technical skills after the session

Visit z.umn.edu/peertutoring for more information.
