## DDS Academic Year 2015-2016 Projected Cost of Attendance *

* Tuition and fees are subject to change without notice. As a public institution, tuition levels are significantly affected by both federal and state funding. The amounts provided are good faith estimates for planning purposes. Actual amounts may be more or less, depending on various external factors. The School of Dentistry’s academic calendar (summer/fall/spring) varies from the University’s financial aid calendar (fall/spring/summer). The first year of dental school does not include a summer semester. Students advance to the next academic year after the spring semester. Please be aware that financial aid is awarded in summer for the following fall, spring and summer semesters (based on the University’s aid calendar), meaning that D2 summer aid will be offered in the same aid year as the D1 Fall & Spring aid (and D3 Summer with D2 Fall & Spring, etc.).

1. **Textbooks & General Supplies:** The amount of aid offered for textbooks and general supplies is a set amount of $1,000 per semester. Actual needs may vary by course and semester; amounts listed above include only required textbooks, if purchased at full price from the University Bookstore. Students may check the course syllabus for textbook information. DDS4 students will not be required to purchase any new textbooks.

2. **Living Expenses:** The amounts shown for Room and Board, Transportation, and Personal/Miscellaneous expenses are estimates based on the University’s surveys of housing (one-bedroom apartments) in the University area and on government statistics for weekly food consumption, transportation, and personal/miscellaneous expenses. You are not required to accept the full amount of the loan offered to you. It is recommended that you borrow only what is needed for your unique situation, in consideration of any other funding sources and variations in individual living expenses. If students accept too much aid, it is possible to return aid by contacting the Office of Student Finance.

3. **Loan Origination Fees:** This amount is offered in financial aid packages to offset the cost of loan origination fees. Actual loan fees depend on the loan type and amount of aid accepted.

4. **Health Insurance Requirement:** Students are required to purchase health insurance, and may submit a Cost of Attendance Appeal to include the cost of health insurance in their financial aid assessment. Students may elect to purchase the University’s Student Health Benefit Plan (SHBP) or private insurance. The 2015-2016 rates for SHBP single student coverage are $999 each for Fall and Spring semesters; Summer is included if the student was enrolled in the SHBP the previous spring.

5. **Additional Expenses:** Additional educational costs not included in the Cost of Attendance estimate may include, for example, uniforms and board exams. Consult the “Explanation of DDS Projected Cost of Attendance” sheet for more information. If needed, a Cost of Attendance Appeal may be submitted to the Graduate and Professional Office of Student Finance if the student finds that the amount of aid does not adequately cover eligible expenses.
