JOIN OUR TEAM!

The University of Minnesota’s School of Dentistry is seeking to enrich the diversity of the University community and invites applications for a **full-time tenured faculty position** to serve as the **Associate Dean for Research and Discovery**.

The Associate Dean provides strategic leadership for research initiatives; fosters translational, interdisciplinary and inter-professional research initiatives; serves as a member of the Dean’s executive leadership team; and collaborates with the University’s research community.

**Position Highlights**

The Associate Dean for Research and Discovery will assume major responsibility for:

- Providing strategic consultation to the Dean on the School’s research goals and outcomes;
- Facilitating a vision for research within the School, in conjunction with the Research Committee and the Dean;
- Developing options for the planning and management of research space;
- Identifying and exploring funding mechanisms to support research and research training;
- Guiding new research initiatives and helping shape the School’s research for the next generation of faculty researchers.

**About us**

The School of Dentistry educates general dentists, dental specialists, dental therapists, dental hygienists, dental educators and research-scientists. We offer specialty training in Endodontics, Oral and Maxillofacial Surgery, Orthodontics, Pediatric Dentistry, Periodontics and Prosthodontics; as well as advanced education programs in TMD and orofacial pain, oral biology, dental hygiene, and oral health for older adults. A novel, interdisciplinary Dentist-Scientist Training Program rounds out our educational offerings.

**Our commitment**

The School of Dentistry promotes diversity, equity, and inclusivity among our students, faculty, staff, and public. Thus, we seek candidates who are prepared to help us fulfill our commitment to diversity, equity, and inclusion.
