## 2021 Donor Impact Report

### GIVING

Donors gave **\$2,618,606** in calendar year 2021

#### Gifts by Type:

#### Gifts by Source:

# 886

Total Donors

# 75%

of Donors are University of Minnesota Alumni

Several donors are counted twice due to faculty/staff who are also alumni.

**Dear Friends**—Thank you for giving generously to the School of Dentistry in 2021. Because of you and other incredible donors, \$2.6 million dollars was raised. Your gifts supported a variety of initiatives, including these areas of focus: student scholarships, digital dentistry, research, and capital improvements. As dean, it is my great privilege to have you as a member of our school community. We couldn't do the work we do without you!

I am pleased to share with you the 2021 Donor Impact Report. It offers a snapshot of how your contributions are helping our students, supporting our faculty, advancing research, and enhancing our facilities.

Thank you again for your support and all that you do for the School of Dentistry.

With great appreciation,

**Keith A. Mays**  
DDS, MS, PhD | Dean

*Thank you!*

# YOUR GIFTS MADE IT HAPPEN

## INVESTING IN STUDENTS

"I want donors of scholarships to know how grateful and thankful I am. It provides so many different students with opportunities that we may have never had."

—Kristelle Yewah, DDS '23

## INVESTING IN OUR FACILITIES

Delta Dental of Minnesota Foundation and other donors helped transform the Division of Oral and Maxillofacial Surgery's surgical suites and consult rooms. The renovation enhances patient care and the educational experience of our residents.

## INVESTING IN FACULTY

Donors fuel the school's ability to capitalize on opportunities to attract and retain top faculty. The Dr. Robert J. Isaacson Chair in Orthodontics was established with a lead gift from his wife, Delores, and other generous donors. The chair celebrates Isaacson's dedication to orthodontics. Dr. Amy Tasca became the first holder of this honor in 2021.

## BUILDING YOUR LEGACY

In 2021, **5** donors joined **62** Heritage Society members

**\$13M** in total unrealized estate gifts

**67** Total donors

**83** Total gifts

**\$1.1M**

in philanthropic income was invested in scholarships, research, digital technology, & more in calendar year 2021.

We include the School of Dentistry in our estate plans because we feel fortunate to have received an exceptionally high quality dental education from the University of MN. We believe strongly that providing financial support to the School of Dentistry is the right thing to do and that our gift will help future students receive the same high quality education. Strong education = better dental healthcare providers = better quality care for all.

—STEVE AND LIZ BEJARANO
