Staging and grading skills—practical use in your practice

12:00

Adjourn

There will be a 15-minute mid-morning break and an optional extended questions and answer session with the presenters.

Meet Our Experts

Michelle Arnett, RDH, BS, MS, Assistant Professor, Division of Dental Hygiene, Department of Primary Care, School of Dentistry, University of Minnesota. Michelle graduated from the University of Detroit Mercy (UDM) School of Dentistry in 2004 with her Dental Hygiene certification and a Bachelor of Science. She began working in private clinical practice and had a fulfilling clinical career for ten years before pursuing a graduate degree. Her interest in education and research led her to the University of Michigan (U-M) School of Dentistry, where she obtained a Master of Science in Dental Hygiene (MSDH) in 2016. As an MSDH student, she was invited to join the U-M Dental Hygiene (DH) faculty. Besides teaching in the entry-level and degree-completion DH programs, she was a clinical research coordinator and practicing dental hygienist in the U-M Department of Graduate Periodontics. Michelle joined the University of Minnesota in 2018. Her professional memberships include Sigma Phi Alpha-Nu Chapter, American Dental Hygienists' Association (ADHA), and the American Dental Education Association (ADEA). Her research focus is on motivational interviewing and periodontology.

Cynthia Stull, MDH, DHSc, Associate Professor and Director, Division of Dental Hygiene, Department of Primary Care, School of Dentistry, University of Minnesota. Dr. Stull received her dental hygiene education at the University of South Dakota. After receiving an Associate degree in Dental Hygiene at USD, she pursued further education in the area of public health at the University of Minnesota. She received a Bachelor's degree in Dental Hygiene Public Health in 1982. Dr. Stull worked in private practice dental hygiene until November, 2014. She joined the University of Minnesota, Division of Dental Hygiene in 2010, teaching clinical and didactic courses. Dr. Stull received a Master of Dental Hygiene from the University of Minnesota in 2013 and a Doctorate in Health Sciences from A.T. Still University in 2020. Dr. Stull is the director of the Master of Science in Dental Hygiene program and a member of the University of Minnesota interprofessional Health team.

Disclosure Summary

It is the policy of the University of Minnesota Office of Continuing Dental Education to ensure balance, independence, objectivity and scientific rigor in all of its sponsored educational activities. All participating speakers, course directors, and planning committee members are required to disclose to the program audience any financial relationships related to the subject matter of this program. Relationships of spouse/partner with proprietary entities producing health care goods or services should be disclosed if they are of a nature that may influence the objectivity of the individual in a position to control the content of the CDE activity. Disclosure information is reviewed in advance in order to manage and resolve any possible conflicts of interest. Specific disclosure information for each speaker, course director, and planning committee member will be shared with the audience prior to the speaker's presentation.

Continuing Dental Education Staff members have nothing to disclose.

The following information was received from our speakers for this course. It is not assumed these financial interests or affiliations will have an adverse impact on course presentations. They simply are noted here to fully inform course participants.

Michelle Arnett, RDH, BS, MS

Indicated no relevant affiliations or financial interests. Speaker does not intend to discuss an off-label/investigative use of a commercial product/device.

Cynthia Stull, MDH, DHSc

Indicated no relevant affiliations or financial interests. Speaker does not intend to discuss an off-label/investigative use of a commercial product/device.

The University of Minnesota School of Dentistry has an obligation to disseminate new knowledge related to dental practice. Some programs offered through Continuing Dental Education may introduce materials, techniques or product references that are subject to debate. Sponsorship of courses by the University of Minnesota School of Dentistry does not necessarily imply endorsement of specific philosophies, procedures or products by this institution. Recognizing that you may be learning about new procedures, techniques and materials that you may not yet be familiar with, we ask that you take every precaution when implementing these new materials and techniques into your practice.

The University of Minnesota School of Dentistry is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.
