# Re-applying

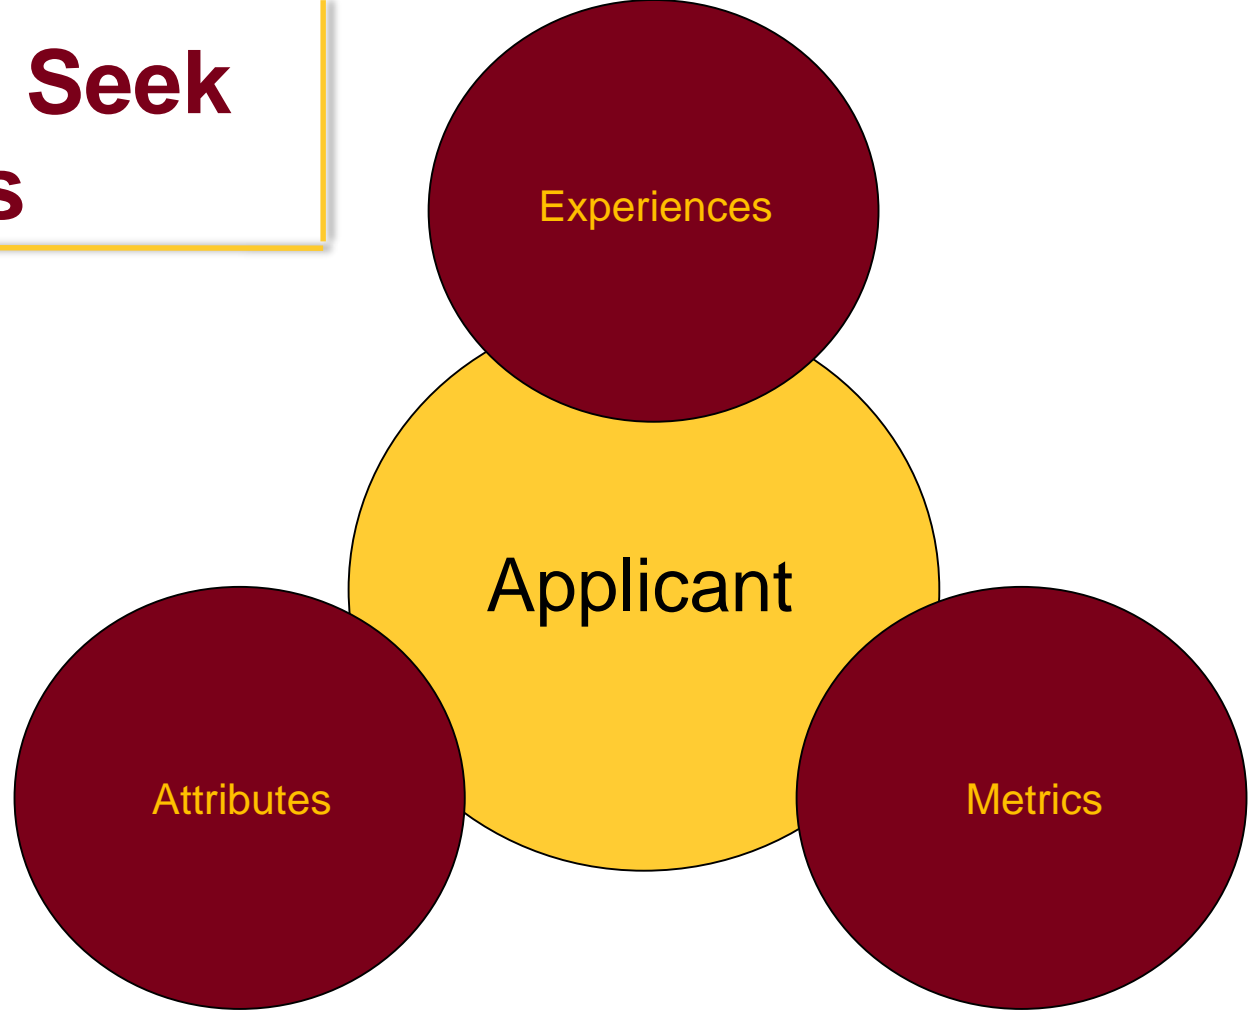

---

- **Only 31% of applicants were interviewed in the 2022-23 application cycle**
- **21% (22/105) students that matriculated fall 2022 were re-applicants**
- **Admissions committee looks closely at what re-applicants have changed to improve their application**

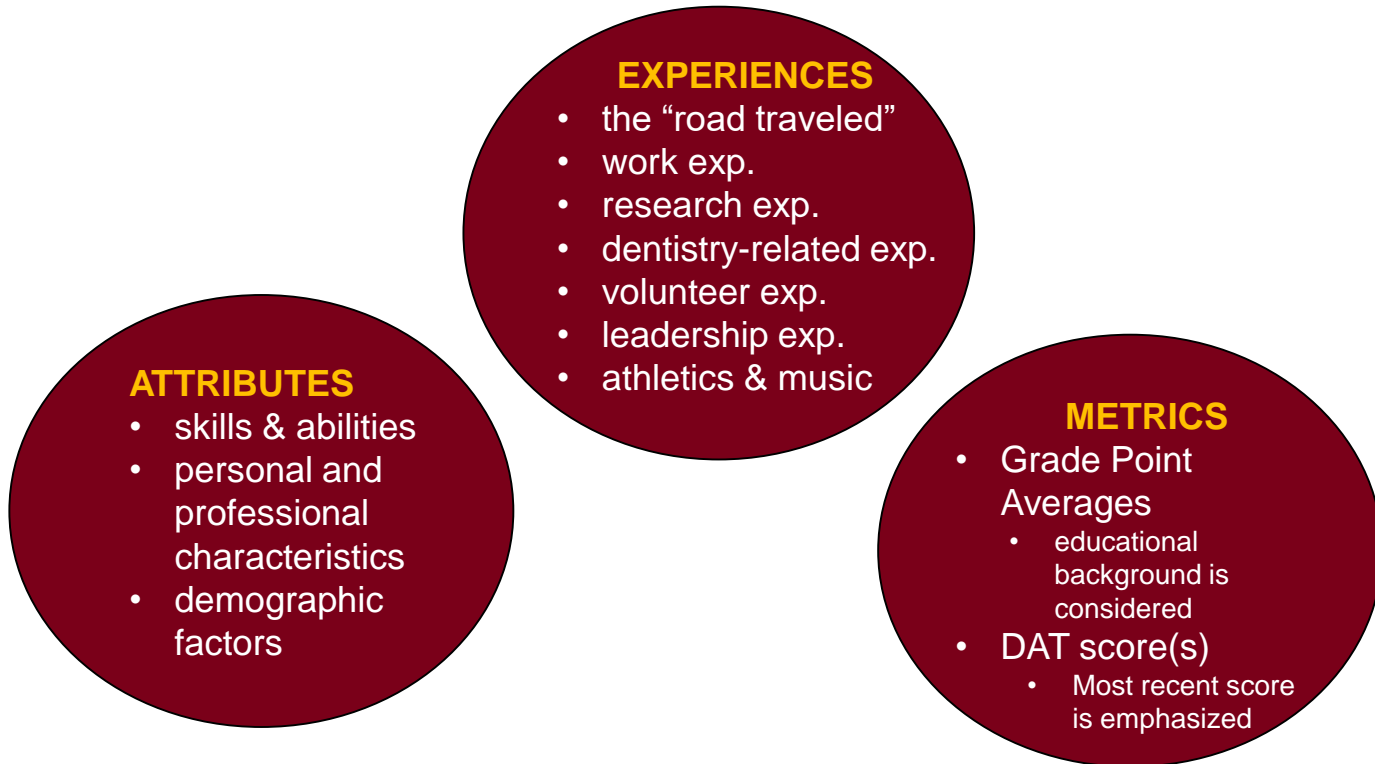

# Qualities We Seek in Applicants

Institution's  
Mission, Vision,  
& Values

# A Holistic Perspective of Applicants

# A Holistic Review of Applicants

- The UMN SOD uses a holistic review of applicants to select those to interview as well as to offer admission.
- View your application from the perspective of the Admissions Committee – turn the table
- Identify areas of potential growth in your application
  - Create realistic and tangible goals to address these areas
- **Use the DDS Re-Applicant Worksheet to view the components of a successful application**

# Class of 2026: GPA, DAT scores

## Average DATs and GPAs for the 2022 entering class

	Average GPA (Median GPA)	GPA Ranges
BBCP (Biology, Biochemistry, Chemistry, Physics)	3.52 (3.52)	2.67-4.0
Science	3.54 (3.56)	2.79-4.0
Total	3.62 (3.63)	2.85-4.0
	Average DAT (Median DAT)	DAT Ranges
Academic Average	20.71 (21)	16-28
Reading Comprehension	22.14 (22)	15-30
Perceptual Ability	20.90 (21)	16-27
Total Science	20.19 (20)	15-27

We review applications holistically, looking at more information than your metrics (GPA, DAT). We look at applicants' exposure to the dental field, research, work, leadership experience and community involvement as well as their extracurricular involvement (athletics, music, etc.). Additionally, we look at volunteer experience, letters of recommendation, essay responses, and applicants' biographic information.

# Components of Competitive DDS Application

- Academics
  - Over-all, Science, and BCP GPAs
- DAT score
  - Emphasis placed on most recent score, if multiple attempts
- Elective courses
- Orientation to dentistry
- Personal statement
- Essays
  - Explanation of academic difficulties (if applicable)
  - Re-applicant essay (if applicable)

# Components of Competitive DDS Application

- Letters of recommendation
  - 2 science/math professors (taught you in lecture/class or lab)
  - 1 supervisor (work or volunteer or research)
- Personal service orientation
  - Work experience
  - Volunteer experience (health care community, dentistry-related, general)
- Research experience
- Work experience
- Extracurricular activities
  - Leadership positions (campus orgs, community orgs, work)
  - Sports, mentoring, music, community service
- Interview

# Rewrite essays -reflect on your experiences

- Re-applicant essay: clearly state all you have done to improve your application
- Re-take of DAT?
- Improved academic record?
  - New courses taken or master's degree/post bac?
- Continued dental shadowing/exposure to the field
- Updated volunteer work/ other service
- Work, research, and leadership experience
- Updated letters of recommendation
- Revise personal statement

# Before you submit re-application

- Take time to re-build or add to your credentials
- Make sure your new courses and grades can be included in your application
- Do not rush to re-take the DAT – take time to prepare
