

A HEALTHY COMMUNITY STARTS HERE

SCHOOL OF DENTISTRY

UNIVERSITY OF MINNESOTA

Driven to Discover®

Community Outreach and Engagement

The University of Minnesota School of Dentistry has been preparing oral health professionals for more than 130 years, and today the school is a national leader in dental education, research and oral health patient care. The school has a strong commitment to outreach, and community oral health activities are an important part of both our education and service mission.

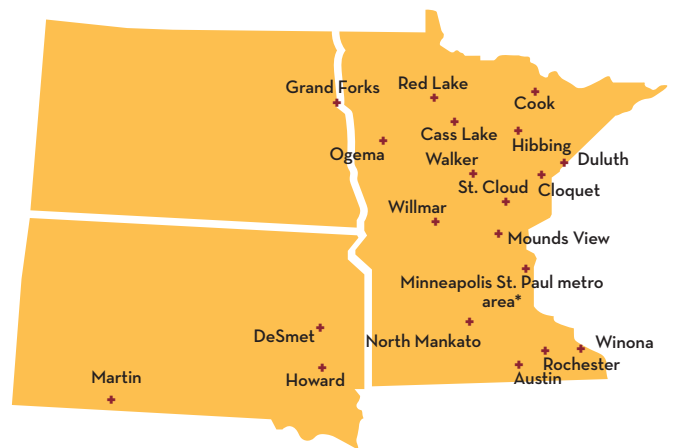

<h3>ORAL HEALTH FOR EVERYONE</h3>	<h3>17,040 patients</h3> <p>Served in 2022</p>
<p>Outreach rotations</p> <p>6-8 weeks of outreach rotations required as a part of DDS, dental hygiene and dental therapy curriculum.</p>	<p>Clinical partners</p> <p>15 community care and tribal clinics partner with us to provide outreach opportunities.</p>

Our goal

The goal of the Community Outreach and Engagement Program at the University of Minnesota School of Dentistry is to provide dental, dental therapy and dental hygiene students with experiences that reinforce their knowledge of the principles in delivering dental health care. This care provides needed dental services to a variety of patients, including the underserved. These experiences also enable students to participate in community dental health education, as well as dental career promotion and interprofessional education activities.

Our impact

Between our community partner sites and locations visited by the Mobile Dental Clinic, the Division of Community Outreach and Engagement supports oral health care across the state of Minnesota and beyond. The Mobile Dental Clinic is owned by UCare and operated by the School of Dentistry and provides preventive and primary dental care services to pediatric, adult, patients with special needs, and senior populations and to assist UCare members in finding a dental home.

*Apple Valley, Blaine, Eden Prairie, Forest Lake, North Minneapolis, Roseville, South Minneapolis, West St. Paul

Find your future in outreach here.

Outreach provides an opportunity for students to:

Develop a broad understanding of the community and social responsibilities they will have as dental professionals

Treat a diverse patient population with a variety of oral healthcare needs

Enhance their clinical skills

Participate in interprofessional learning experiences

Get involved in community health promotion

Promote dental opportunities in schools surrounding Greater Minnesota outreach sites

“THE DIVISION OF COMMUNITY OUTREACH AND ENGAGEMENT PROVIDES A UNIQUE EXPERIENCE THAT PREPARES OUR LEARNERS TO BECOME EXCELLENT ORAL HEALTH CARE PROVIDERS FOR THE ENTIRE COMMUNITY. OUTREACH OPPORTUNITIES ENCOURAGE OUR STUDENTS TO BECOME WELL-ROUNDED, COMMUNITY-ORIENTED PROFESSIONALS WHO SEEK TO ELIMINATE BARRIERS TO ACCESS AND CARE.”

– Angela Hastings, DMD
Director, Division of Community Outreach and Engagement
